"I've spent over forty years in the food industry, but I never had the credentials I needed, so it was hard to get the jobs I wanted. I have really enjoyed my experience at SCC, and I am really looking forward to the future. My grandmother used to say, 'Delayed is not denied.' Don't give up on your dreams. Never give up."

— Mary Brown
Business Mgt. - Culinary

"I chose SCC because of the flexibility of the scheduling. As a father, it is important that I be able to spend time with my family, and with the inventive way classes are offered I am able to attend classes and still be there as a father. Furthermore, the cost and quality of the education I am receiving is so amazing that it would have been a mistake not to take advantage of this opportunity."
