

INTENT TO SOLE SOURCE  
Learning Outcomes Software

Spartanburg Community College intends to sole source the procurement of a Learning Outcomes Courseware for our College's students and faculty. The product being considered is the Learning Outcomes Software by Credo Reference.

We require that the courseware have the following capabilities: teach and assess critical thinking and information literacy (instructional content, assessment, and analytics for each topic); be based on the American Association of Colleges and Universities Value Rubrics, the Paul and Elder Critical Thinking Model and the American Colleges and Research Libraries Information Literacy Standards and Frameworks; be fully configurable; provide access to subject matter experts to configure instructional content and assessment to meet the varying needs of different general education and student success programming; integrate case-study and scenario-based learning assessment into student instructional experience, campus-based assessment data capture and reporting platforms.

Spartanburg Community College seeks any vendors who can provide a program which meets or exceeds the referenced requirements. Responses will be accepted until 1:00 PM on March 29th. Please submit all inquiries and responses to Tami Steed [steedt@sccsc.edu](mailto:steedt@sccsc.edu). This notice of intent, any amendments and the award will be posted at the following web address: <https://www.sccsc.edu/purchasing-solicitations>
