

INTENT TO SOLE SOURCE
DAC Process Control Training Systems

Spartanburg Community College intends to sole source the procurement of DAC Training Systems exclusively manufactured by the Design Assistance Corporation for use in our College's Advanced Manufacturing Technology Programs. These products are designed and manufactured in Swedesboro, NJ. The product being considered is the DAC#250-PAC Valve Package Demonstrator, DAC#285-PAC U-Tube Heat Exchanger Training Model, DAC#290 Distillation Column Model, DAC#616 Calibration Work Station, and DAC#610-PAC PID Process Control Training Package with accessories and courseware/curriculum by Southern Educational Systems.

We require that the DAC Training Systems have the following capabilities: Process Control Applications, Modular Construction Techniques, and Task-based Quick Start Training Package approach to educational simulation. We also require that this DAC Training Systems be compatible with our current Process Control Technology Polaris Hot-Unit equipment and curriculum.

Spartanburg Community College seeks any vendors who can provide a DAC Process Control and Instrumentation, and specifically #250-PAC, #285-PAC, #290, #616, #610-PAC and required stations which meets or exceeds the referenced requirements. Responses will be accepted until 12:00 PM on June 8th. Please submit all inquiries and responses to Tami Steed purchasing@scsc.edu. This notice of intent, any amendments and the award will be posted at the following web address:
